

Socrates is proud to announce that we now offer hardware sales and support nationwide to new and existing Socrates customers. This is a natural progression for the company and one which offers all customers a single point of contact for all your hardware and software issues in the future.

Hardware Sales

-  Our broad range of hardware products include monitors, desktops, laptops, printers, scanners, data storage solutions and other peripheral devices.
-  Socrates has teamed up with a number of major distributors in Ireland and the UK to source technology leading IT brands which are recognised globally for their quality and reliability.
-  At Socrates, we are committed to providing all our customers with competitively priced hardware products.
-  Our nationwide hardware partners ensure efficient response time to all enquiries.

Hardware Support

- **PC Support**
Any issues arising with PC and peripheral support, application installation and configuration.
- **Server Support**
Remote server monitoring, file printer setup, remote backup monitoring and Windows Updates.
- **Backup Support**
Our remote backup monitoring allows the Socrates team to monitor the results from all backup audits from a centralized console. This ensures that backups are independently verified on a daily basis.
