

for Physios

Socrates Physio offers a complete solution for your physiotherapy practice while building on the renowned usability and technology of Socrates Patient Management System platform.

Key Benefits include :

- Efficient/Time saving practice administration (eg. appointments, waiting room, accounts, etc.)
- Touch screen integration allowing immediate pickup for novice users
- Consultations, clinical notes and assessments available at a seconds glance
- Sketch Pad to visually draw and aid patients in understanding their problem
- Generate reports on practice efficiency, patient populations, outstanding accounts and patient attendance

Product Features

- Built on the award winning technologies of the Socrates patient management system.
- Touch screen facilities built-in utilizing Tablet PC technology.
- Appointments Diary for day to day scheduling of appointments and management of resource time.
- Waiting Room facility provides a real time view of your surgery including number of patients expected, those patients waiting and a history of attendance on a particular calendar date.
- Complete patient registration and management.
- Capture clinical notes during consultations - customize our patient assessment templates and let them guide you through capture of your clinical notes.
- Our Sketch Pad allows you to draw on screen patient problems allowing the patient to visually see the exact problem, while allowing you to keep accurate visual representations of patient problems.
- Have the widest range of administration features - working with club or company accounts is a breeze as Socrates handles first, family and third party accounts automatically, all you do is generate the statements from our reporting section.
- Powerful reporting engine provides reports for different sections of the Socrates Physio system, including patient, appointments, accounting, assessments, audit and much more.
- SMS Messaging allows you to text message a patient at any time to contact them about results, assessments, upcoming visits etc allowing you direct informal communication reducing phone call time and cost in your practice.
- Complete customization - everything in the Socrates Physio world is controllable with the click of a button, so you can refine and extend the system as you evolve your practice so Socrates Physio evolves with you.
